

# WHO Anthro Survey Analyser

---

## TERMS OF USE AND SOFTWARE LICENSE AGREEMENT

Please read these Terms of Use and Software License Agreement (the “**Agreement**”) carefully before using/installing the WHO Anthro Survey Analyser (“**Tool**”).

By installing and/or using the Tool, you (the “**Licensee**”) enter into an agreement with the World Health Organization (“**WHO**”) and you accept all terms, conditions, and requirements of the Agreement.

### 1. Components and Types of the Tool

1.1. The **Tool** underlying code for analysing anthropometric survey data was developed by WHO and it uses reference data from the WHO Child Growth Standards. Both code and reference data (“**Reference Data**”) are open access to anyone. However, the **Tool** allows users to upload their own data to analyse them based on the code and reference data. WHO has, or will, make two editions of the Tool available:

- (i) An online version that sits in the shinyapp.io platform, under the WHO Department of Nutrition for Health and Development account, where it runs in its own protected environment and access is SSL encrypted, and uploaded data are not saved once you close the session (the “**Online Tool**”); data generated through the Tool can be downloaded during the session only, their use being under the general disclaimer below; and
- (ii) A downloadable version that can be installed in the user’s personal computer (the “**Offline Tool**”); data generated through the Tool can be saved, their use being under the general disclaimer below.

This Agreement governs your use of whichever edition(s) of the Tool you have downloaded and/or used through an online platform, including both the Software and, if applicable, the Data. References to the “Tool” in the remainder of this Agreement apply to the Closed and/or Open editions, as applicable in your particular case, including, as applicable the Software and the Data.

### 2. Third-party Software

2.1. Third-party software needed to use the Tool. In order to run the Software, you will need the “R” statistical software and a web browser. In the offline version of the Tool, WHO has provided a portable version of “R”.

2.2. WHO disclaimers for third-party software. WHO makes no warranties whatsoever, and specifically disclaims any and all warranties, express or implied, that “R” is free of defects, virus free, able to operate on an uninterrupted basis, merchantable, fit for a particular purpose, accurate, non-infringing or appropriate for your technical system.

2.3. Third-party software user license(s) and use. To the extent you are required to enter into a user license in order to use “R”, WHO is not a party to any such license, and WHO therefore disclaims all liability, responsibility, and/or involvement with any such license. WHO shall not be held liable or responsible for either any breach of any of the terms and conditions of the “R” user license by you, or any damages arising from your use of “R”.

2.4. No WHO endorsement of third-party software. The use of the “R” software does not imply that “R” is endorsed or recommended by WHO in preference to others of a similar nature.

### **3. License and Terms of Use for the Software**

3.1. Copyright and license. The Software is copyright (©) World Health Organization, 2018, and is distributed under the terms of the [GNU General Public License \(GPL\), version 2](#) or later. As stated in the source code for the Software, the Software incorporates or makes reference to other open source software, issued under multiple license types (including the “Apache License version 2”, “GPL version 2”, the “GPL version 2 or later”, the “GPL version 3”, and the “MIT license”), and WHO issues the Software under GPL “version 2 or later” in part to comply with the terms of those software. WHO disclaims any responsibility or liability with respect to the use or completeness of such license.

### **4. Use of the Reference Data**

4.1. Reference Data. The Reference Data originates from the [WHO Child Growth Standards](#). For the avoidance of any doubt, WHO hereby reserves all rights in the Reference Data.

4.2. Reference Data not part of Software or Published under GPL. Unlike the Software, WHO is not publishing the Reference Data under the GNU GPL. The Reference Data is not based on “R”, is an independent and separate work from the Software, and is not distributed as “part of a whole” with the Software, as those terms and concepts are used in the GPL.

### **5. Retained Rights and Limitations on Use**

5.1. Retained Rights. Except as otherwise indicated herein, WHO owns and shall retain all right, title and interest in and to the Tool, including all intellectual property rights embodied therein, including (i) all of the service marks, trademarks, trade names or any other designations associated with the Tool; and (ii) all copyrights, patent rights, trade secret rights, and other proprietary rights relating to the Tool. Nothing contained in this License shall be deemed to convey to the Licensee any title or ownership in the Tool or the related documentation.

5.2. Technical limitations of Use. You shall not remove any WHO identification or notices of any proprietary, patent or copyright restrictions from the Tool, or any support material such as the related documentation.

5.3. Limitations on use of Reference Data. In no event shall you use the Reference Data:

- (i) In any manner which infringes the rights of any person or entity, including the rights of WHO or any attributed owner(s) of the Reference Data;
- (ii) In, or in association with, any product marketing, promotional, or commercial activities, including, without limitation, in, or in association with, advertisements, product brochures, company-sponsored web sites, annual reports, or other non-educational publications or distributions;
- (iii) In, or in connection with, the promotion of a commercial enterprise and/or its product(s) or service(s), and/or in any way that suggests that WHO endorses any specific company or products;
- (iv) In any political activities;
- (v) In any way which is contrary to the policies and principles of WHO and/or which might otherwise jeopardize the name or reputation of WHO, its special programmes, and/or its research projects or the attributed owner(s) of the Data;
- (vi) In any manner which is, or could be considered to be, illegal; or
- (vii) In any manner which is in violation of this Agreement.

## **6. Acknowledgment and Use of WHO Name and Emblem**

6.1. The Open Tool (upload database edition). For the Online Tool, as WHO does not provide any content for that edition, you shall not state or imply that results from the Online Tool are WHO's products, opinion, or statements. Further, you shall not (i) in connection with your use of the Online Tool, state or imply that WHO endorses or is affiliated with you or your use of the Online Tool, or the Software, or that WHO endorses any entity, organization, company, or product, or (ii) use the name or emblem of WHO in any way. All requests to use the WHO name and/or emblem require advance written approval of WHO.

6.2. The Offline Tool (built-in software edition). For the Offline Tool, any mention of the Tool, use of outputs from the Tool, and/or use of the Data, in publications (including reports, briefings, and journal articles) must include the following citation of the source:

*WHO Anthro Survey Analyser: Software for analysing survey anthropometric data for children under 5 years of age. Built-in software edition. Version 1.0. Geneva, World Health Organization, 2018.*

Other than as provided above, you shall not (i) in connection with your use of the Offline Tool, state or imply that WHO endorses or is affiliated with you or your use of the Offline Tool, or the Software, or that WHO endorses any entity, organization, company, or product, or (ii) use the name or emblem of WHO in any way. All requests to use the WHO name and/or emblem require advance written approval of WHO.

## 7. Disclaimers by WHO

7.1. No WHO warranties. WHO makes no warranty with respect to the Tool, and disclaims all statutory or implied warranties, expressed or implied, as to the accuracy, completeness or usefulness of any information, apparatus, product, or process related to the Tool, including, without limitation, to any warranty of design or fitness for a particular purpose, even if WHO has been informed of such purpose. WHO does not represent that the use of the Tool would not infringe third parties' proprietary rights. **WHO provides the tool "as is"**, and does not represent that the Tool is operational, free of defects, virus free, able to operate on an uninterrupted basis, or appropriate for your technical system.

7.2. Country or area designations. The designations employed and the presentation of the material in the Observatory do not imply the expression of any opinion whatsoever on the part of WHO concerning the legal status of any country, territory, city or area, or of its authorities, or concerning the delimitation of its frontiers or boundaries.

7.3. Mentions of companies or products. Any mention of specific companies or of certain manufacturers' products does not imply that they are endorsed or recommended by the World Health Organization in preference to others of a similar nature that are not mentioned. Errors and omissions excepted, the names of proprietary products are distinguished by initial capital letters.

## 8. Limitation of WHO's Liability

8.1. WHO shall not be liable for any loss or damage arising directly or indirectly in connection with, or resulting from, your use of the Tool.

8.2. WHO further expressly excludes liability for any indirect, special, incidental or consequential damages which may arise in respect of the Tool and its use, and the results thereof, including, without limitation, any use of the Data.

## 9. Your Indemnification of WHO

9.1. You shall indemnify, hold harmless, and defend at your own expense WHO, its officers, agents, and employees from and against any claims, demands, causes of action, and liability of any nature or kind resulting from or relating to your use of the Tool.

## 10. Term and Termination of this Agreement

10.1. This Agreement shall remain in effect so long as you hold any copy of the Tool on any of your computer systems or storage media. This Agreement, including the rights granted under it, shall terminate automatically upon any breach by you of any of its terms. Further, WHO may terminate this Agreement, including the rights granted under it, at any time, with immediate effect, for any reason, by written notice to you. This Agreement is the entire agreement between you and WHO with respect to its subject matter. This Agreement may only be amended by mutual written agreement of you and WHO.

10.2. Upon termination of this License for any reason whatsoever, you shall immediately cease all use of the Tool and destroy and/or remove all copies of the Tool from your computer systems and storage media.

## **11. General Provisions**

11.1. You may not assign this Agreement without the prior written agreement of WHO (such agreement not to be unreasonably withheld).

11.2. This Agreement may not be supplemented, modified, amended, released or discharged, unless approved in writing by WHO. WHO reserves the right to make changes and updates to this Agreement without prior notification. Such changes and updates shall be applied as of the date of their issuance. Any waiver by WHO of any default or breach hereunder shall not constitute a waiver of any provision of this Agreement or of any subsequent default or breach of the same or a different kind.

11.3. If any provision of this Agreement is invalid or unenforceable, it is to that extent to be deemed omitted. The remainder of the Agreement shall be valid and enforceable to the maximum extent possible.

11.4. Paragraph headings in this Agreement are for reference only.

11.5. Any matter relating to the interpretation or application of this Agreement which is not covered by its terms shall be resolved by reference to Swiss law. Any dispute relating to the interpretation or application of this Agreement shall, unless amicably settled, be subject to conciliation. In the event of failure of the latter, the dispute shall be settled by arbitration. The arbitration shall be conducted in accordance with the modalities to be agreed upon by the parties or, in the absence of agreement, in accordance with the UNCITRAL Arbitration Rules. The parties shall accept the arbitral award as final.

## **12. Privileges and Immunities of WHO**

12.1. Nothing contained herein or in any license or terms of use related to the subject matter herein (including, without limitation, the GNU General Public License discussed in paragraph 3.1 above) shall be construed as a waiver of any of the privileges and immunities enjoyed by the World Health Organization under national or international law, and/or as submitting the World Health Organization to any national court jurisdiction.
